Be Considering a Proposal  
Counter to Wilson's.

BIG THINGS ARE EXPECTED.

Brotherhood Representatives  
Hold a Brief Meet But They  
Transact No Business.(BY ASSOCIATED PRESS)  
WASHINGTON, Aug. 21.—Presi-  
dent Wilson towards noon sent word  
to the railway presidents who are  
now here asking them to call on him  
at the White House at 2:30 o'clock  
Monday afternoon. They agreed to  
confer with the president but it was  
said they would make no statement  
unless he requested it.The railroad presidents and their  
committee of managers worked  
steadily to devise some means of  
averting the threatened strike, which  
would, in the main, accept President  
Wilson's plan but at the same time  
preserve the principle of arbitration.  
They declared they were united  
against the president's plan as it  
stands and hope to agree on some  
form of counter proposal.The men's meeting decided that  
brotherhood members should call on  
senators and representatives from  
their own states and acquaint them  
with the details of the men's side of  
the situation. President Carter of  
the engineers was the only official  
who attended the session.Some of the incoming railway  
president were more optimistic about  
the situation than those already  
here. One of the western men de-  
clared that if his road alone were in-  
volved he unquestionably would re-  
sist the demands of the men to the  
last but he considers the question a  
national one and for that reason was  
sure some common ground would be  
found to base a settlement.(BY ASSOCIATED PRESS)  
WASHINGTON, Aug. 21.—With the  
arrival here Monday of Louis W. Hill,  
president of the Great Northern, and  
other western railway executives in  
response to President Wilson's sum-  
mons, important developments in the  
threatened railway strike situation  
were looked for, although no further  
general White House conference was  
expected before Tuesday. President  
Wilson, however, made no engage-  
ments for Monday and stood ready to  
continue negotiations with the rail-  
road executives.While the railroad officials have ten-  
tatively refused to accept the settle-  
ment plan proposed by President Wil-  
son that a grant of an eight-hour day  
with pro rata pay for overtime and  
submit other issues to investigation by  
a federal commission they are said to  
be considering a counter proposal. It  
is said to include arbitration of some  
of the points in dispute with the grant-  
ing of others.Louis W. Hill, principal heir to the  
vast properties of the late James J.  
Hill, and E. P. Ripley, the veteran  
president of the Santa Fe, were among  
the first to arrive. Neither had any  
statement to make.The incoming executives conferred  
with those already here and with the  
managers' committee to familiarize  
themselves with the negotiations so  
far. All the western presidents are  
expected before Tuesday noon. By  
that time it is expected about 100 rail-  
way heads, representing property val-  
ued at about \$10,000,000,000 will  
be assembled for the next conference  
with the president.The brotherhood representatives  
held a brief meeting in their hall Mon-  
day but transacted no business. A few  
telegrams approving their stand in  
the situation were read and adjust-  
ment was taken until 10 o'clock Tues-  
day morning.

tion of Fairmont Elks, the deceased  
man being a popular member of the

dence of F. Wayne Nay, brother of  
the deceased man, at Fairmont. They

## TRAIN HITS AUTO

At a West End Crossing and  
Occupants Narrowly Es-  
cape Serious Injury.Occupants of an automobile said to  
have been owned and driven by a  
Fairmont man, whose name was not  
learned, had narrow escapes from  
death or serious injury late Sunday  
afternoon when the machine was  
struck by a train at the crossing near  
the Middle Concrete Company's plant  
in the West End. All escaped with  
the extent of about \$500.The train which struck the auto-  
mobile was composed of only a few  
freight cars and was drawn by a yard  
engine. It was moving slowly which  
accounts for the escape of the occu-  
pants of the automobile.

them to join his band. Twenty failed

AN EXTENSIVE CAMPAIGN

Entente Allies Have a Force of  
Some 700,000 Troops on  
the Saloniki Front.(BY ASSOCIATED PRESS)  
PETROGRAD, Aug. 21.—The Rus-  
sians have made further advances at  
some points along the Stokhod line  
where they broke through the Aus-  
tro-Hungarian defenses last week. The  
war office announced Monday. The  
capture of more than 1,300 men in  
this region in two days is reported.(BY ASSOCIATED PRESS)  
PARIS, Aug. 21.—No further de-  
tails of the operations on the Salon-  
iki front are given in the report Mon-  
day from the French army of the  
East, which shows that fighting is  
still in progress along the whole line.  
The statement says: "Operations are  
proceeding along the whole front."(BY ASSOCIATED PRESS)  
PETROGRAD, Aug. 21.—On the  
Caucasian front the Russians have  
captured a series of heights and taken  
prisoner a large number of Turks, it  
was announced officially here Mon-  
day. The statement follows:  
"The fighting in the direction of  
Diarbekr is developing favorably for  
us. We captured a series of heights  
which had been fortified strongly by  
the Turks and took a large number of  
prisoners."(BY ASSOCIATED PRESS)  
PARIS, Aug. 21.—Italian troops  
began to disembark at Saloniki Sun-  
day, says a Havas despatch from that  
point.On leaving their ships, the despatch  
says, the Italians passed through Sa-  
loniki to camp, preceded by military  
bands of the Allies and cheered by  
the populace.Active participation by Italian  
troops in the Saloniki campaign  
would mean the existence of a state  
of war between Germany and Italy.  
Germany is directing the operations  
against the Allies on this front and  
as the official German reports show  
has forces there. Some Austrian  
troops also probably are employed  
and possibly Turks, but the major  
portion of the army is made up of  
Bulgarians. Recent reports have in-  
dicated the withdrawal of Austrian  
troops from the Balkans for use on  
the Russian and Italian fronts.As the Entente Allies are believed  
to have a force of some 700,000 Brit-  
ish, French and Serbian troops on the  
Saloniki front, the sending of re-en-  
forcements at this time just after the  
opening of hostilities on a large scale  
would indicate that the Allies have  
embarked on a campaign of extensive  
proportions.COUNTER OFFENSIVES  
HAVE NO EFFECT.

(BY ASSOCIATED PRESS)

PARIS, Aug. 21.—The attempted  
counter offensive by the German and  
Bulgarian forces on both flanks of the  
Entente Allies' front in Macedonia  
with the apparent intention of hin-  
dering the places of General Sarrail,  
the Entente commander, will have no  
effect on the execution of his cam-  
paign, it is said here.  
The force reached army corps,  
which had a division at Seres, at Ka-  
vala and also at Drama, fell back be-  
fore the Bulgarians who are advanc-  
ing in eastern Macedonia. The Bul-  
garians have Hermaonli and have  
crossed the Nestos (Mesta) river and  
advanced to Kavala.These developments are consid-  
ered of secondary importance and the  
Allies take a hopeful view of the  
success of their plans.In the fighting at Mogen the Bul-  
garians had 400 killed, 800 wounded  
and forty-three were taken prison-  
ers.
